

- Preparation XFEL
 - Preparation for Call for tender
 - To be ready by April
- KEK/Kyoto-type optical inspection system is being put into operation
 - Ongoing test program
- Module
 - Re-assembly Module 8
 - Finish by end of March
 - Test M3*
 - Test ongoing
 - Currently Investigation on the performance degradation
 - Warmup to exclude
 - » magnetic flux
 - » gas condensation

M8 results on CMTB after the transport

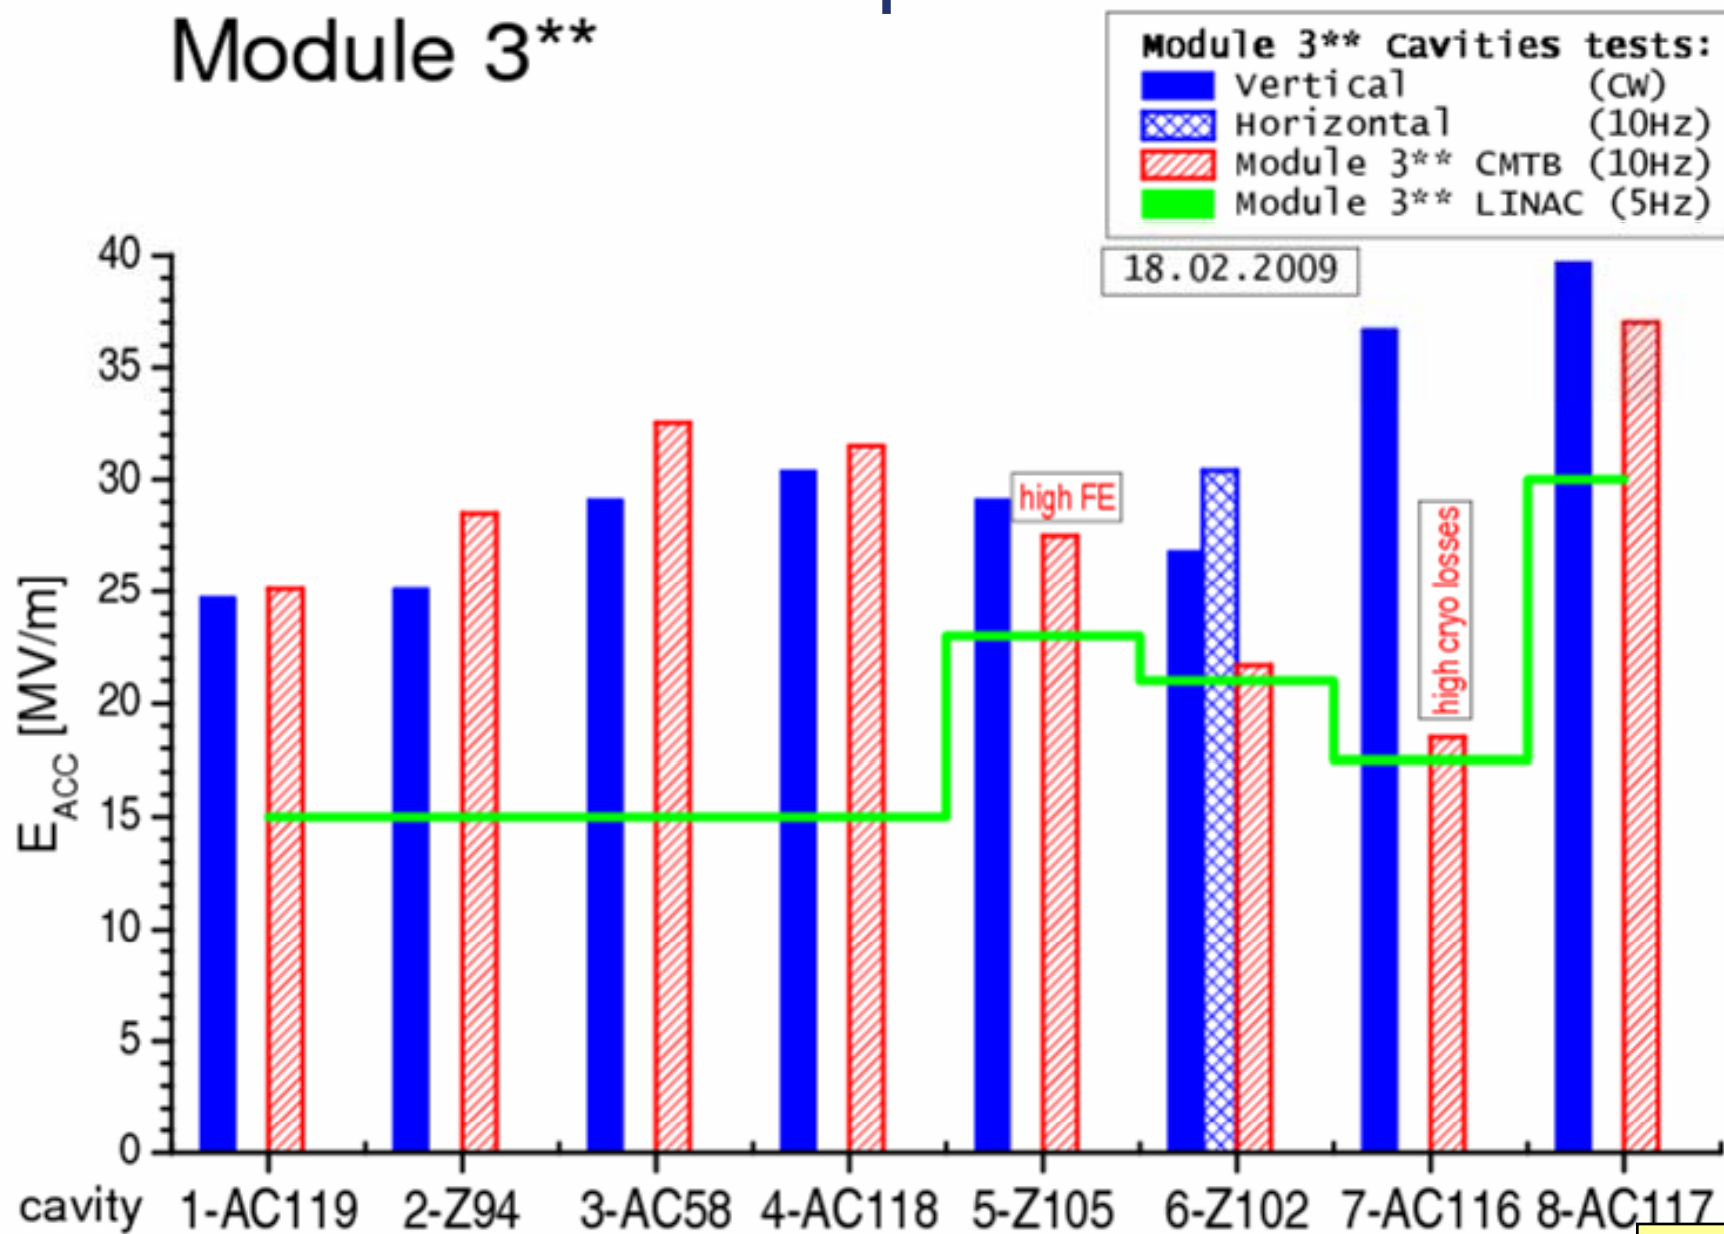

Module 8

Plot by D. Kostine

XFEL Preparation: M3**

Module 3**

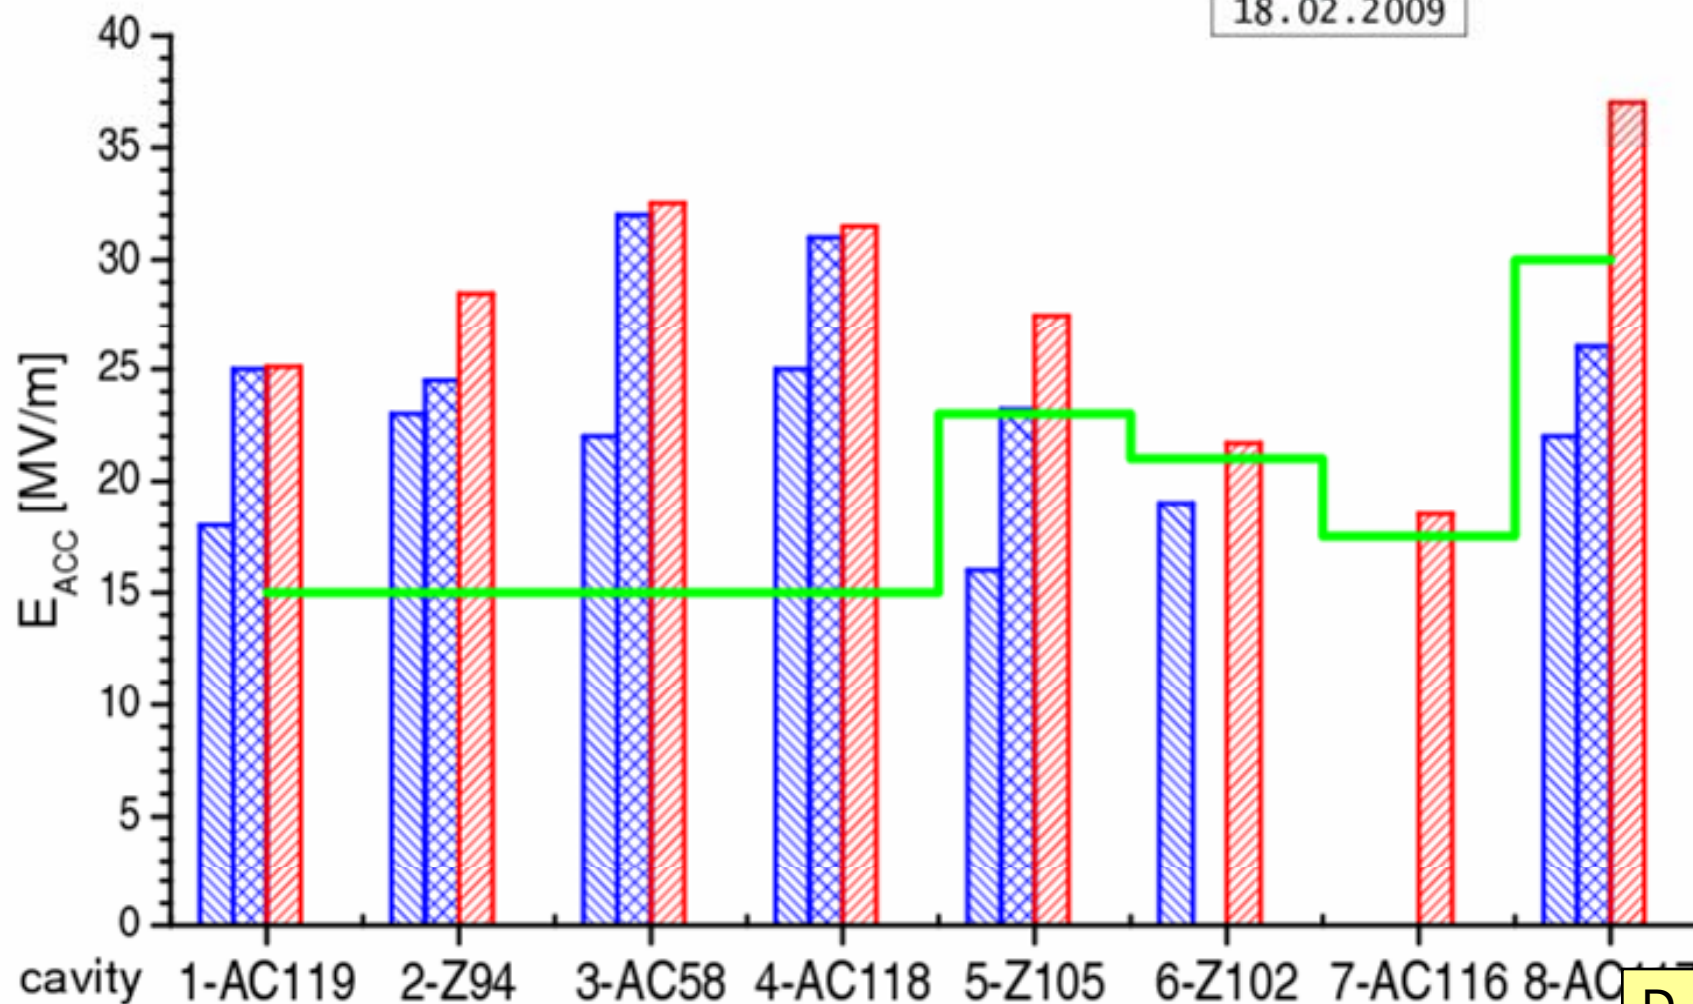

XFEL Preparation: M3**

Module 3**

Module 3** MTS:
FE start
 $X > 10^{-2}$ mGy/min
max.gradient

18.02.2009
