

International Workshop on Future Linear Colliders

Thursday, 29 September 2011

R&D9 - Andalucía 1 (17:00 - 18:30)

time	[id] title	presenter
17:10	[279] CLIC physics/detector CDR status and short-term goals; Future plans for CLIC physics/detector studies	
17:30	[280] Discussion; includes discussion on synergies with ILC	
18:00	[281] CLIC beam polarisation and impact on the physics program
