Tuesday, 23 October 2012

Calo/Muons - Cancho (08:30 - 10:30)

time	[id] title	presenter
08:30	[116] Particle showers in the CALICE tungsten scintillator HCAL	SEFKOW, Felix
08:50	[117] CALICE T3B - The time structure of hadronic showers in Tungsten and Steel	Dr SIMON, Frank
09:10	[118] The CALICE scintillator HCAL technological prototype	HARTBRICH, Oskar
09:30	[119] Beam tests of the new scintillator HCAL modules at DESY	KRUEGER, Katja
09:50	[120] LED calibration system and optical fibre distribution system	Mr KVASNICKA, Jiri

Calo/Muons - Cancho (14:00 - 15:40)

time	[id] title	presenter
14:00	[121] First results from the Tungsten-DHCAL tests	Dr REPOND, Jose
14:20	[125] Status of the Micromegas/DHCAL project	Prof. WHITE, Andy
14:40	[123] Construction and status of the SDHCAL	Mr LAKTINEH, imad
15:00	[124] First results of the SDHCAL	Dr BOUDRY, Vincent

Wednesday, 24 October 2012

Calo/Muons - Cancho (11:00 - 12:40)

time	[id] title	presenter
11:00	[122] Status of the GEM/DHCAL project	Dr PARK, Seongtae
11:20	[126] Structural studies for a realistic tungsten HCal	DUARTE RAMOS, Fernando
11:40	[127] Status of ADRIANO R&D in T1015 Collaboration	Dr GATTO, Corrado
12:00	[128] Performance of fully assembled sensor planes for BeamCal and LumiCal measured in a test-beam	LOHMANN, Wolfgang

Calo/Muons - Cancho (14:00 - 15:30)

time	[id] title	presenter
14:00	[130] SiW Ecal Technological Prototype - Test beam results	FRISSON, Thibault
14:20	[129] SiW Ecal Technological Prototype - Review of engineering aspects and perspectives	Dr CORNAT, Remi Jean Noel
14:40	[131] SiD silicon-tungsten ECal and KPix efforts	BREIDENBACH, Martin
15:00	[132] DECAL using MAPS technology	Mr PRICE, Tony

Thursday, 25 October 2012

Calo/Muons - San Saba (08:30 - 10:30)

time	[id] title	presenter
08:30	[136] Current progress on SiD muon detection	FISK, H. Eugene
08:50	[133] Study of the SiW ECAL performance with reduced number of layers	TRAN, Trong Hieu
09:10	[134] Result of ScECAL	Prof. TAKESHITA, Tohru
09:30	[135] MPPC performance	Prof. TAKESHITA, Tohru

Calo/Muons - San Saba (16:00 - 17:30)
